Executive Summary

2018 was a big year for Instagram influencer marketing with influencers posting over 2.1 million sponsored posts on the platform - **39% more than the year before.**

As the industry matures, influencers are leveraging new tools to create more authentic and engaging content. High on the list are Instagram Stories, which have become central to influencer campaigns (1 in 3 Instagram sponsored posts is a Story).

In addition, women, micro-influencers and millennials continue to dominate the space posting the highest number of sponsored posts on Instagram.

We hope this report will enrich your understanding of the state of Instagram influencer marketing and help you make thoughtful decisions in 2019.

This report is brought to you by [Klear](#), the leading influencer marketing platform for Fortune 500 brands and agencies.

Methodology:

- Analyzed over 2.1 million Instagram sponsored posts worldwide that included #ad hashtags between Jan 1 - Dec 31, 2018
- Performed a statistical analysis of trends and demographics using our SIGIR award-winning influencer measurement technology
